TRANSPORT DURING FISEC-FICEP 2024

The organization has a **number of shuttle buses** available, which will be deployed at different times to **transport the delegations from Arcca Vitan Village, to the sports venues**. Also for Swimming and Athletics, the buses will stop at the Hotels, to pick up the participants accommodated in the hotels.

Every day a schedule will be included in the bulletin, so everyone is informed about which bus and at what time they have to take them daily.

The organization will also provide **travel cards for the public transport (Metro+Tram+Bus)**. The card will be valid from **15th of July, to 21st of July**.

For this purpose, the organization has mapped out the nearest stops for the various locations, on the basis of which the delegations can also go on their own in case of necessity.

Also, to find the **best solution of public transport, you can install on your phone Moovit App** and use it to find the means of transport that you need.

For the **buses and trams, you can also install InfoTB App**.

Participating countries that have no competition on some days, should divide themselves among the shuttle buses that are present. Countries that do have competition always have priority in case the bus would be filled.
